PRELIMINARY AMENDMENT

Dear Sir:

Please amend the above-identified, enclosed patent application as follows:

IN THE CLAIMS

Please amend Claims 7, 8 and 9 as rewritten below:

7. A portable electronic device according to claim 1, wherein

the user interface has two configurations, a compacted configuration whereby the first moveable element is in the first position and an expanded configuration whereby the first moveable element is in the second position.

8. A portable electronic device according to claim 1, wherein

the device further comprises means for limiting the force the motor is subject to.

9. A portable electronic device according to claim 1, wherein
the portable device comprises a second moveable element which is moved
between a third position and a fourth position by the electrical motor.

REMARKS

In accordance with 37 C.F.R. §1.121 (as amended on 11/7/2000) the rewritten
claim(s) above are shown on separate page(s) marked up to show all the changes
relative to the previous version of that section.

Respectfully submitted,
